		6. semester	1 semester	elective	on demand										
2	<b>Beschreibung</b> <i>Description</i> To do economical and financial processes still achieves sustained success but what about the ethical dimension? Regarding the process of globalization and economic disequilibrium, a reflection and reorientation seems to be necessary. The lecture includes approaches to explain the relation between economic logical and ethical reasons and background. Case studies are used to discuss the sustainability and ethics of concepts, strategies and behavior patterns.														
3	<b>Lernziele</b> <i>Learning Outcomes</i> <ul style="list-style-type: none"> <li>Knowledge of ethical approaches to economic processes</li> <li>Knowledge of criteria to evaluate concepts, strategies and behavior patterns</li> <li>Evaluation of case studies</li> <li>Reflection of the own behavior and practise under fundamental ethical and sustainable principles</li> </ul>
